*Blue Moon*

For flute, violin, and cello

Duration: 10 pages, 3:47

Creekview High School

Teacher: Brian Murray

“This is a story that personifies my impression of a blue moon. The first section reflects the World’s (violin and cello) preparations for the arrival of the Blue Moon (flute). The second section is the song of the Blue Moon to the World. The Blue Moon asserts her presence through the lyrical melody. The third section depicts the Blue Moon’s power to light up the World with her might and her majesty.”
